Why we are raising the bar for Women's Sport and inclusive Netball.

After 10 years with a front row seat observing the sportswear and teamwear industry we became baffled that time and time again brands often ignore the needs of the female audience, especially Netballers. It's time there was a truly aspirational brand for our sport – a brand that represents the 20 million people that play Netball worldwide.

Flyhawk was born from a love of the sport, with a focus on redefining the comfort, performance, and style for netball apparel tailored specifically to suit players at grassroots level through to world class professionals.

Flyhawk was born out of a desire to challenge the status quo. To make products that reflect who we are as people. To celebrate the sport we love. And unite the community that surrounds it.

We are breaking the industry blueprint and are on a mission to build an empowering brand for the Global Netball community. Our designers have created a stellar collection of female team apparel and equipment, inspired by a passion for raising the profile of women's sport and a love for Netball.

STORY

NETBALL

ON COURT

On game day, players put on their match kit and trust that Flyhawk has thought of everything. We make highly technical on-court products that improve individual and team performance.

OFF COURT

The netball community loves to dress the part – in kit that reflects their favourite game. That's why Flyhawk makes off court training and travel products that can be worn by everyone.

INNOVATION

Flyhawk focuses innovation on every aspect of netball kit. We think about how to create different products for different playing abilities to set a new standard for the sport.

OUR ATHLETES

At our core Flyhawk represents the inspirational characters in our sport, the go getters, the team players, the individuals that empower others and those that challenge the status quo.

At Flyhawk we are proud to have some of the biggest names in netball joining us on our journey to create a global brand for the sport. Our Ambassadors are all international players that resonate with our core values and equally are those go getting athletes that hunt the ball on court and attack life.

They are also the players making history within netball and women’s sport inspiring and empowering others as they go.
